

ICS4U – Emerging Technologies Assignment

Learning Goals:

- Investigate an emerging technology, and explain its impact on society
- Summarize your findings by creating a Prezi and sharing the link to our classroom Edmodo Forum

Assignment:

- Through reading and researching, you will collect data and create an informative prezi for the class to view, on your chosen emerging technology
- Your summary should include, but is not limited to the following information:
 - o A general description of the new technology
 - o An image of the technology
 - o Application (where/how will the technology be used)
 - o A list of who will benefit from this technology
 - o Costs to purchase and use this technology
 - o Problems related to the use of this technology
 - o Availability of the technology
- The entire presentation should be reworded into **your own words**
- You must use quotations if you are using more than 5 words from another source
- You must include the full source of any resources you used to find your information using the format at the bottom of this document
- Share the link for your prezi to our classroom Edmodo Forum (follow email invitation)
